Filing Date: September 29, 2003
Examiner: G. Ray
Art Unit: 2111

Re: Petition to Revive (Pursuant to 37 CFR 1.137(b))

Petition

Applicant petitions for the revival of the subject application on the grounds that the failure to reply to Office Action mailed October 20, 2005, was unintentional.

The entire delay was due to an unintentional clerical error within the mail handling processes of the Applicant. The "Correspondence Name" in the Office Action was "Peter van Baarsen", who left the Applicant's employment before the mailing of the Office Action and so the Office Action was returned to the postal system with a note, "Return to Sender, Person No Longer With Spectrum".

Reply-Amendment

Concurrently with the filing of this Petition, Applicant files its Reply-Amendment, attached. In summary, the Examiner in his Office Action objected to all pending claims. In its Reply, Applicant has made all the editorial amendments in compliance with the Examiner's suggestions and accordingly, Applicant believes the application, once the Reply-Amendment is entered, would be in condition for allowance.

Terminal Disclaimer

This utility patent application was filed on or after June 8, 1995 and accordingly, no terminal disclaimer is required.
